Re: Village Hearing Officer (Stickney)

Mr. Mayor:

Following up on the request received from Stickney Village Attorney Michael DelGaldo, I am pleased to submit this letter confirming arrangements for me to serve as a Hearing Officer for Stickney. Our understanding regarding the arrangement is as follows:

1. As from time to time assigned or requested by the Mayor, the village attorney, or another authorized Stickney representative, attorney Victor Reyes will serve as a Hearing Officer for village administrative hearings, relative to alleged liquor license violations, alleged business license violations, and alleged violations of other village Ordinances or rules. Such hearings shall take place at the time and place identified by Stickney.
2. For such services, the Village shall compensate the law firm of Reyes Kurson, at a rate of \$210 per hour, which sum shall cover all costs, including copying fees, messengers, room use, and travel costs.
3. Upon receipt of an invoice, the Village shall provide such compensation through check or other means established by the parties, as otherwise provided by the Illinois Local Governmental Prompt Payment Act.
4. Such services shall be provided as a professional independent contractor.

Please sign and return this letter as confirmation of our agreement, and if you (or anyone else from Stickney) would like to discuss the matter, please contact me directly. Thank you very much for giving us an opportunity to serve Stickney.
