If any releases of petroleum products and/or hazardous materials please provide documentation. 5. Please indicate the retention period of records of the Fire Department.
July 19, 2017	July 25, 2017 New date 8/31/17	Aug. 31, 2017 by Deputy Police Chief Jaczak	Katy Smyser NBC 5 Producer 454 N. Columbus Drive	I am requesting records from all area police departments, for a continuing national project that we are working on at NBC News on gun trafficking. At first glance this request may seem extensive, but our experience has been that all of this information is already compiled by law enforcement agencies and therefore (I hope) fairly easy for you to furnish to me.

Chicago, IL 60611
NOTE: Deputy
Police Chief
Jaczak requested
an extension from
requester. He
was granted a due
date of 8/31/17.

I have divided this request into three parts, all of which are for a date range of January 1, 2010 to the time when this request is completed:

1) **Detailed information on stolen guns:**

It is my understanding that law enforcement agencies keep detailed records of firearms that have been reported stolen by the citizens they serve. I am therefore requesting the following for each incident of firearm theft reported to the Stickney Police Department:

- The police report number and/or incident number for the firearm theft, and
- The serial number, make, model, caliber, type, and any other descriptive information for each firearm reported stolen.

I am requesting this data in an .xls, .xlsx, .csv, or .txt spreadsheet, where each row represents one case. Here is an example of the format that police agencies have used to provide this data to us:

Case Number	Firearm Serial Number	Firearm Make	Firearm Model	Firearm Caliber	Firearm Type	Other Descriptive Information
15-0001	1234	Glock	G31	0.357	Handgun	Black grip
15-0002	2345	Smith & Wesson	M&P 15 SPORT	5.56mm	Rifle	Scope attachment
15-0003	3456	Glock	G37	0.45	Handgun	Tan grip

*****IMPORTANT NOTE:** Please note that the serial numbers should be provided in **TEXT FORMAT** in Excel, so that any leading zeros are present. Microsoft Excel automatically deletes leading zeros from numeric values when the column is in a "General" format instead of a "Text" format, so that a serial number of "012345" will show up, incorrectly, as "12345." Therefore, I'm requesting that you furnish these serial numbers with all leading zeros present - in "Text" format.***

2) **Detailed information on crime guns:**

It is my understanding that law enforcement agencies keep detailed records of firearms that have been used in crimes, recovered at crime scenes, and/or seized during investigations. I am therefore requesting for each such firearm used in a crime, recovered at a crime scene, or seized during an investigation by the Stickney Police Department:

- The police report number and/or incident number for the crime;
- The most serious crime listed on the report where the firearm was associated;
- The address where the crime was committed, and
- The serial number, make, model, caliber, type, and any other descriptive information for each such firearm.

Again, I am requesting this data in an .xls, .xlsx, .csv, or .txt spreadsheet, where each row represents one case.

*****Also, please note that I am NOT now seeking copies of actual police reports or other investigative records - only**

				<p>records pertaining to the firearms themselves, as well as some general information about the crimes, which is generally released to the public.***</p> <p>3) Detailed information on lost, stolen, or unaccounted-for law enforcement guns:</p> <p>Finally, it is my understanding that law enforcement agencies maintain detailed records about firearms that - while under the control and/or in the possession of their employees - have gone missing, have been lost or stolen, or are otherwise accounted for. I am therefore requesting any and all records of firearms issued by the Stickney Police Department - and/or which were under the control and/or in the possession of one of your employees - that were lost, stolen, missing, or are otherwise unaccounted for, including the following information:</p> <ul style="list-style-type: none"> • The serial number, make, model, caliber, type, and any other descriptive information for each such firearm; • The date of the loss or theft; • The date that the loss or theft was reported; • Whether the lost or stolen firearm was recovered; • If the lost or stolen firearm was recovered: The date and location of the recovery; • A description of how the firearm was lost or stolen; • Whether negligence on the part of the employee is/was suspected in the loss or theft of the firearm; • Whether the employee in control of the firearm retired, was terminated, or otherwise left the department, and - if so - the date and circumstances of the employee's departure and whether his or her gun was retrieved or recovered; • The location and/or address where the firearm was stolen, and • Any other individual reports and findings on each individual lost or stolen firearm. <p>I would request that these records include any databases, reports, memos, internal affairs investigations, emails, or other correspondence.</p>
July 25, 2017	Aug. 1, 2017	July 26, 2017 by McAdams via email	Zteam Real Estate Saul Zenkevicius 17W220 22 nd St Suite 250B Oak Brook Terrace, IL 60181	Please advise any outstanding violations, liens and water bill for 4040 Clinton Ave., Stickney, IL 60402
